NIKE RMDS (RAW MATERIALS DATA SHEET) UPDATE
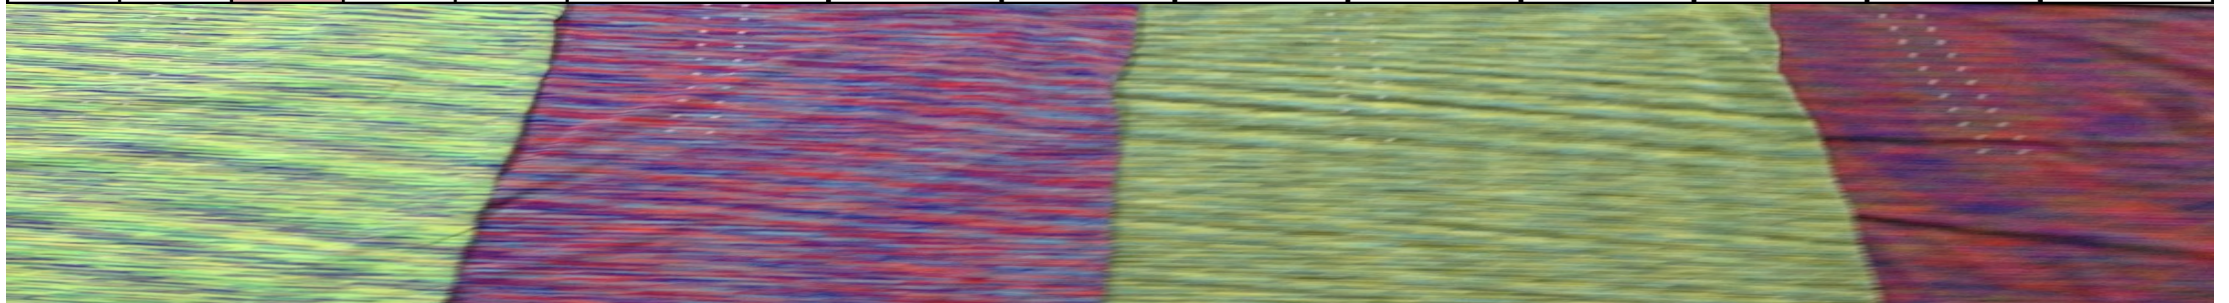

28th March 2016

NIKE RMDS Sheet update

- Once the request meeting is held on Fabric testing, Merchandiser needs to send the RMDS sheet with the meeting minutes, attaching RMDS with below information filled on the **Same day** <u>as the **Request meeting**</u>.

- Need to submit RMDS as below. – (Testing will be carried out to the main style and other styles will be cross-approved from the main style.)

- **2ⁿᵈ proto - complete (internal) texture wise fabric testing.**

  1. Deciding on the main style numbers and requesting for new items will be done together with the development + materials + Lab + dye house teams which represent all the textures, compositions etc. for all the related style numbers.

  2. Need to initiate the internal testing meeting together with the 2ⁿᵈ proto request within 24ho comments

  3. RMDS sheet for main style need to initiate from the 2ⁿᵈ proto testing as above on the same request meeting

- **Full testing – External ITS**

  1. Need to initiate the external testing meeting within 24hrs after fit approval

  2. Need to create RMDS sheet for all individual item numbers
     - ✓ In the Parent Item RMDS sheet need to including all child item numbers in brackets.
       Eg: IM# : 597602 - Parent Item, (Child item 597604 & 597608) - Body

How to save the RMDS sheet file

* File must be saved with Parent and Child item # mentioned below.

- **SEASON-STYLE-COMPONENT-PARENTIM#-CATEGORY-GENDER(M/W)-SINGLE DYE**

*Note – Under IM# parent or child item must be clearly mentioned.

*RMDS sheets must be created for each category separately as below and this must be clearly mentioned when entering details in the sheet.

- **Men's and Women's**
- **Single dye/ double dye/ dope dye/ space dye**
- **Body / Neck**

How to update the RMDS sheet

*Merchandiser must fill only following in the RMDS sheet Boxed in Red.
